PROFESSIONAL OVERVIEW

Android Developer with 4 years of experience building scalable mobile applications using Kotlin, Jetpack Compose, MVVM/Clean Architecture, and Hilt. Experienced in delivering government-scale mobile solutions with a strong focus on performance, clean architecture, and maintainable code. Additionally, skilled in React Native development, having successfully developed and delivered two cross-platform mobile applications. Currently expanding expertise in KMP development to build modern mobile experiences across platforms.

WORK EXPERIENCE

Android Developer

Data Ingenious Global Ltd., Jaipur, Rajasthan 302018 | Oct, 2025- Present

- Sports Authority of India (SAI) - Client Location.
